join us

What makes Whitewater 4-H Club unique? *Our membership has a blend of homeschool and public school kids.*

One thing new families should know about Whitewater 4-H Club is... *with assistance from leaders, all members and families are involved in planning our year.*

While at a club meeting, some things families can expect to see or do include... *a business meeting, a community service project, a short activity, project demonstrations, and treats.*

Are parents welcome at meetings? *We encourage parents to stay so they are informed about what their youth is involved in.*

How can parents get involved in the club? What kinds of things can they do? *Parents can help plan club activities. Parents are also encouraged to become project leaders.*

What kinds of programs do you anticipate your club doing this year? *Seasonal trips and activities, community service projects, educational presentations, and fun activities.*

To make things easier for families, we use on-line sign-ups for many things that we do.
