Gardening Small

March 16, 5:30 p.m.

Growing veggies and flowers seems out of the question when space is precious, especially in a small yard, no yard, or a patio/balcony. Keeping in mind the basics of plant health, we will explore ways that you can maximize the space that you do have.

Location: Big Foot High School, 401 Devils Ln, Walworth

Find out more and preregister at: bigfootrecreation.org

Beyond Birdfeeders

March 20, 1:00 p.m.

There are many benefits to both wildlife and people when you prioritize the needs of birds where you garden. We will talk about gardening practices you can do throughout the year to encourage bird visitors, plus birdfeeders, water, and how to improve shelter and nesting sites.

Location: 830 E. Geneva St., Suite B, Delavan

Find out more and preregister at: aramlibrary.org/site/events/#/events/

Gardening for Hummingbirds

March 23, 10:00 a.m.

Join us to unravel the secrets of attracting the "jewels of the garden." From territorial displays to fierce competition, we will dive into the hummingbird's world to learn how your garden or yard can meet their needs.

Location: Janesville Senior Center, 69 South Water Street, Janesville

Call to register: 608-755-3050

From Scraps to Soil: Composting Basics

March 24, 6:00 p.m.

Have you ever wondered about making your compost? Find out the do's, the don'ts, and what happens to compost over winter so you can successfully recycle your lawn, garden and food scraps.
